

ISO 14001:2015

ENVIRONMENTAL POLICY STATEMENT

Carmet is committed to the protection of the environment, the minimization of environmental impacts, the prevention of pollution and the continual improvement of our environmental management systems, throughout the activities of our business.

Carmet will carry out its operations conforming to the requirements of ISO14001:2015, and according to the procedures given in the Environmental Management System, to promote good Environmental practice and sustainability and complying with all relevant environmental law and statutory provisions.

Management and Supervisory staff are responsible for implementing this policy throughout the company; ensuring environmental protection is given consideration at all stages of our operations.

All employees and sub-contractors are expected to co-operate with the company in carrying out this policy ensuring good environmental controls are taken throughout shipyard and offshore operations.

Senior Management is committed through consultation with staff and employees to continually improve our Environmental Management System.

Carmet will ensure that facilities, finances, information, instruction & training are provided as necessary to all personnel to fulfil their roles and responsibilities for environmental management control.

Carmet shall ensure that such natural resources i.e. Energy and Water is used responsibly and conserved through innovative practices and procedures; and

- Helping to reduce carbon emissions and energy costs from processes carried out.
- Carbon offsetting via renewable energy projects.
- Responding to all incidents immediately to minimize any environmental impacts.

Carmet HSE Manager is the person having particular responsibility for the Environmental Management System and he will report to the Managing Director on such matters.

This policy, and the associated objectives targets and procedures in the Environmental Management System, will be formally reviewed at least annually. Changes may be implemented at other times as required by changes in company activities and external requirements.

This Company Environmental Policy will be displayed prominently and will be made available on request to all interested parties.
